INTRODUCTION AND NOTICES

Welcome—or welcome back—to Mount Pleasant ISD. The purpose of this Employee Handbook is to inform you of important information about your employment in the district and about working with students of the Mount Pleasant ISD. This Handbook does not replace the school district’s board-adopted policy manual, which contains all the official policies that govern the operation of the district and your employment in the district. However, the information, rules, and standards set out in this Handbook are also expectations for conduct and performance. This Handbook is not a “contract,” and we can make changes to it at any time.

Nothing in this Handbook supersedes or contradicts any district policy or changes any aspect of the employment relationship between you and the district or any terms and conditions of that relationship. All district employees serve on an at-will basis unless they have received, signed, and returned a written contract authorized by the board of trustees or a written employment agreement authorized by the board of trustees or the superintendent.

We have tried to make this Handbook easy to read and understand. When we say “you” or “your,” we mean the employee; when we say “we” or “our,” we mean the school district.

NOTE: Employees whose English reading skills are limited may call 903-575-2000 and speak with a Spanish- speaking employee who may assist with an interpretation of provisions of this *Employee Handbook*.

NOTA: Los empleados cuyo conocimiento del inglés es limitado pueden llamar al 903-575-2000 y hablar con un empleado que hable español el cual les traducirá las estipulaciones del Folleto de Empleados.

I acknowledge that I have received the Mount Pleasant ISD Employee Handbook for the 20__ - 20__ school year and that I am responsible for reading, understanding, and complying with the procedures, guidelines, and requirements contained in this Handbook.

The Board has complete and final control over school matters within limits established by state and federal law and regulations.

The Board of Trustees is elected by the citizens of the District to represent the community's commitment to a strong educational program for the District's children. Trustees are elected at-large and serve three-year terms. Trustees serve without compensation, are registered voters, and must reside in the district.

Mission Statement

Policy AE

The Mount Pleasant Independent School District has high expectations for all students. The District will make every effort to attract and retain the most qualified teachers available who will enhance the positive image of its schools in the community.

Communication between schools, administration, school board, community, families, and students will be open and honest and constantly improving. Staff, parents, and community will be given an opportunity to be involved in decision-making as the District works together through the Accelerated Schools process. These combined efforts will continue to make MPISD the best school District in the state of Texas.

- **Vision: Every Child Has Every Chance To Learn**

- **Mission: To graduate students with the ability to Read, Think and Communicate**

Equal Opportunity Employer

Mount Pleasant ISD is an Equal Opportunity Employer and does not discriminate on the basis of race, religion, national origin, sex, age, disability, status as a veteran, or any other basis prohibited by law.

The District's Title IX Coordinator is Debra Malone, Deputy Superintendent of Human Resources. Section 504 / ADA Coordinator is Mike Lide, Deputy Superintendent of Curriculum. Both may be contacted at 2230 N. Edwards, Mt. Pleasant, TX 75455, (903) 575-2000. Employees with disabilities may contact the ADA coordinator to initiate interactive reasonable accommodation plans when necessary or appropriate.

Right of Association

All employees enjoy the right of association and are free to participate or not participate in professional or political organizations of their own choosing. No district administrator will require or coerce you to participate or not participate in any professional or political organization, make or refrain from making a charitable contribution, or attend a meeting called for the purpose of soliciting charitable contributions. No employment-related decisions will be made based on participation or nonparticipation in any professional or political organization or the decision to make or not make a charitable contribution.

School facilities and equipment, however, cannot be used for any political or partisan purpose, except as authorized by the principal or superintendent under district policy. We also will not permit partisan political activity or campaigning by employees in the classroom or other instructional settings or at school-sponsored or school-sanctioned activities or events, including wearing campaign buttons.

IMPORTANT INFORMATION ABOUT YOUR EMPLOYMENT IN MOUNT PLEASANT ISD

Personnel Records

We will maintain records about you at both the campus and central administrative offices. You have the responsibility to make sure that all required records, including your official service record, certificates, licenses, professional development records, and the like are submitted to the appropriate offices when requested. If you have a name or address change during the school year, you must notify the Human Resources Dept. and your campus office within five days. We will use the address and phone number on file to contact you with official communications, so it is critical that you keep these numbers up to date.

Under the Texas Public Information Act and because you are a public employee, **most of the records we have and keep related to your employment, including your salary, are available to anyone upon written request.** Employees may direct that their home addresses, emergency contact information, and telephone numbers not be released by completing the form, “Personal Information Election,” at the beginning of this Handbook. Official written evaluations for teachers and administrators and other documents that evaluate teachers or administrators are confidential and will not be released. If we receive a request for copies of your personnel records, we will consult with the school’s attorneys to determine which records must be released and will take the necessary steps under the Public Information Act to withhold records that are confidential. Additional information may be found in *Policy GBA (LEGAL)*.

Professional employees who obtain additional certification while employed with the District must provide copies of those certificates to the Human Resources office. If you agree to obtain additional certification at our request, you must submit transcripts and certification testing registration forms and test results related to that additional certification to the Human Resources office.

We will maintain the following personnel records at the central administrative offices:

National criminal history checks based on an individual’s fingerprints, photo, and other identification will be conducted on employees and entered into the Texas Department of Public Safety (DPS) Clearinghouse. This database provides the District and SBEC with access to an employee’s current national criminal history and updates to the employee’s subsequent criminal history.

Attendance and Absences

Policy DEC (LEGAL) and (LOCAL)

Punctual and consistent attendance at work is a fundamental requirement of your employment in Mount Pleasant ISD. **Excessive absences or repeated tardiness in reporting for duty can result in the termination of your employment.** “Excessive” absences are any that are not in compliance with our policies and procedures for taking available local, state, or federal leave. If you are going to be absent or late for work, you must contact your immediate supervisor by the time designated by your supervisor. This contact must be made every time you are absent or late unless you have provided the Deputy Superintendent of HR or other appropriate central office personnel with more specific long-term information from your treating health care provider.

We do not have a category of leave called “leave without pay.” If you are absent in excess of the number of days of paid leave you have available under district policy, you are simply absent and will not be paid for those days. Employees who are paid on a salary basis will have appropriate deductions made from the regular salary payment for absences in excess of accumulated leave. You must submit an absence request through Aesop, our absence tracking system, for every absence from duty, including professional leave. If you do not comply with our policies and procedure for notice of an absence or for requesting leave, you will not be paid for those days of absence even if you have leave available.

An employee absent three or more consecutive workdays because of personal illness shall submit, upon return to work, a medical certification of illness from a qualified health care provider confirming the specific dates of the illness, the reason for the illness, and the employee’s fitness to return to work. An employee absent three or more consecutive workdays because of illness in the immediate family shall present, upon return to work, medical certification of the family member's illness. Employees must follow District and department or campus procedures to report or request any leave of absence.

Basic Leave Information

The complete text of the policy on leaves and absences may be found in *DEC (LEGAL)* and *(LOCAL)*, and *DECA (LEGAL)*, but we are providing a brief summary of the most commonly used kinds of leaves in this Handbook.

All full-time employees receive five days of state personal leave each year. Those who work less than a full year receive a pro-rated number of days. Additionally, the district provides 5 days of local leave each year. Local sick leave time shall accumulate to a maximum of 40 equivalent workdays. Employees called to active military duty may use available local sick leave days in addition to other leave opportunities. Refer to DEC (LOCAL) for specifics on using each kind of leave. You can always use accumulated state or local leave for your personal illness or injury or the illness or injury of an immediate family member.

Days taken as “personal leave” must be requested 10 days in advance and approved by the supervising administrator or designee. We will try always to honor timely requests for personal leave that comply with policy requirements, but your principal or supervisor may withdraw approval if unforeseeable absences among other staff (bad weather, flu or other transmittable disease) would affect the efficient and effective operation of the campus or department. The availability of substitutes will also be considered by the principal or supervisor. Personal leave will be subject to the following limitations:

A maximum of 10 campus employees will be permitted to take personal leave at the same time.

It may not last for more than two consecutive workdays except with special approval for extenuating circumstances.

Personal leave may not be taken on the following days:

The day immediately preceding or following a scheduled holiday

Days scheduled for end-of-semester or end-of-year exams

Days scheduled for STAAR or other state-mandated tests

Days of scheduled teacher inservice or teacher workdays

Partial Days

Leave shall be recorded in whole and half workdays only, except in accordance with provisions for intermittent leave in the Family and Medical Leave Act. An employee who must leave their duties prior to being on duty the first two hours of their normal workday will have one whole workday charged against their leave balance. Working all but two hours of the workday will result in one half workday being charged against the employee's leave balance.

Family Medical Leave

If you provided at least 1250 hours of service to the district in the 12 months preceding the first use or assignment of family medical leave, you are eligible to receive up to 12 weeks of family medical leave during the 12-month period stated in DEC (LOCAL). If you have been employed by the District for at least 12 months and have worked at least 1,250 hours in the 12 months immediately preceding the need for leave, you are eligible to receive up to 12 weeks of family medical leave during the 12-month period stated in DEC (LOCAL). You can use family medical leave after the birth or adoption of a child or for a serious health condition of your own or of an immediate family member. Family medical leave is also available in some circumstances related to a family member's military deployment and for a family member who has been injured in active military duty. During family medical leave, we will continue to pay the District's portion of premiums to maintain your individual participation in our health insurance program as if you were on active duty, but you will have to make arrangements for making payments of any employee portion you normally make for coverage.

All communications about chronic, serious, or recurring health conditions for you or an immediate family member must be directed to the MPISD Benefits Office to ensure you receive the benefits to which you are entitled and to protect the confidentiality of the medical information you provide to us.

When you can foresee the need for family medical leave, such as for child birth, scheduled surgery, or scheduled medical treatments, you must notify the Benefits Office and request the leave at least 30 days in advance. If 30 days' notice is not possible, you must inform us of the need for leave at least two working days before the leave. In emergencies when the need for family medical leave is not foreseeable, you or a close family member must notify us of the need for family medical leave as soon as practicable, generally on the same day that you are aware of the need for family medical leave or the next business day.

A husband and wife who are both employed by the District are limited to a combined total of 12 weeks of FML to care for a parent with a serious health condition or for the birth, adoption, or foster placement of a child. Military caregivers' leave for spouses is limited to a combined total of 26 weeks.

Eligible employees are entitled to continue their health care benefits under the same terms and conditions as when they were on the job and are entitled to return to their previous job or an equivalent job at the end of their leave. Under some circumstances, teachers who are able to return to work at or near the conclusion of a semester may be required to continue their leave until the end of the semester.

Our policy requires concurrent use of family medical leave with all other kinds of leave, so some or all of your family medical leave may be with pay, depending on how much leave you have accumulated. If you are using family medical leave, we will communicate directly with you about the details of your absence.

Medical Certification

We have the right to and will ask you to provide periodic information from your treating doctor to verify the need for family medical leave or other medical absences and to give us some idea of when you will be able to return to duty. We will provide forms for your doctor to complete. A medical release to return to duty will also be required. Your failure to provide the necessary information to us can affect your eligibility for leave and will be treated as a failure to follow district policy and procedures.

Medical Examinations

We have the right to and will ask you to have a medical or psychological examination paid for by the district if we believe that your condition is interfering with the performance of your regular duties or that you are a health or safety risk to yourself or others. Your failure to cooperate in this situation will be treated as a failure to follow district policy and comply with directives.

Sick Leave Pool

A sick leave pool is a voluntary donation of sick days by employees to assist a fellow employee who, after exhausting all paid leave, has a catastrophic illness or disability, or has an immediate family member who has a catastrophic illness or disability.

Employees wishing to begin a sick leave pool for a fellow employee should begin by approaching a campus principal, who will then submit a written request to the Superintendent. Once the pool has been established, volunteers may then donate state sick leave days to the pool.

The following restrictions shall apply to the establishment and use of a sick leave pool:

- Employees may donate no more than two state leave days each school year
- An eligible employee may draw from the pool until he or she has used up to 60 days in any school year
- The sick leave pool may be accessed by an individual employee only once each school year
- The sick leave pool will remain open for contributions for a period of 30 days

The pool shall cease to exist when the employee has used 60 days, or voluntary donations reach the two-day maximum contribution and the sick leave pool is exhausted. Unused sick leave pool days shall revert back to donors and shall be divided proportionately among individuals according to the number of sick initially contributed.

On-the-Job Injuries

If you are injured while performing your duties for the district, you must notify your supervisor immediately so that we can comply with our responsibilities under workers' compensation laws. We provide workers' compensation coverage for all employees. If an injury at work causes you to be absent, it is your responsibility to inform us whether you wish to use accumulated leave in order to receive full pay during your absence to the extent of accumulated leave or whether you wish to save your accumulated leave and receive only the temporary income benefits that are available under the workers' compensation laws. **If you do not inform us of your choice in writing, we will NOT charge your absence to accumulated leave and you will receive only temporary income benefits.** If absence because of a work-related injury also qualifies as a serious health condition under family medical leave, you will also be charged with family medical leave during your absence.

Once an employee's Workers' Compensation claim has been filed and approved, employees shall provide information to the MPISD Benefits Office about pertinent medical services received related to the claim.

Administrative Leave

The superintendent can order that any employee be placed on administrative leave, usually with pay, when he/she determines that it is in the district's best interest to do so.

Jury Duty

For each regularly scheduled work hour during which a nonsalaried employee serves in any phase of jury service, the District shall pay the employee the

employee's normal daily/hourly compensation. Any employee's accumulated personal leave may not be reduced because of the employee's service in compliance with a summons to appear as a juror. Employees must present documentation of the service.

An affidavit showing time served on a jury will be issued by the court after jury service. If an employee is released by the court two or more hours prior to their normal quitting time, the employee must return to work. If the employee does not return to work, they will be charged personal leave accordingly. All monies received for jury duty will be retained by the employee.

Employees will be granted paid leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding for District business. Other absences for court appearances related to an employee's personal business must be taken as personal leave or leave without pay (if no personal leave is available). Employees may be required to submit documentation of their need for leave for court appearances.

Vacations and Holidays

Only at-will or support employees, including directors of support departments serving under a contract, in 12-month positions receive up to 10 days of paid vacation per school year. We encourage eligible employees to schedule and take vacation they have earned.

If you are in a position eligible for vacation, you will earn paid vacation days at the rate of 0.83 per month. You are not eligible to take paid vacation until you have completed 2 months of employment. Vacation must be scheduled at least 10 days in advance with your supervisor who may consider the needs of the district and other scheduled absences in approving requests for vacation. The maximum number of vacation days that you can accumulate is 25.

Compensation, Benefits, and Pay Systems

Policies DEA, DEAA

The board of trustees annually will adopt or approve salary and pay systems for all classes of employees in conjunction with the annual budget adoption process. Non-exempt employees are paid based on the hours worked within a pay period; contractual or exempt employees are paid on a monthly salary basis. The superintendent will make decisions about where to assign individual employees within the ranges and positions set in the systems.

MPISD has implemented a new system for each employee's benefit. The Employee Access Center (EAC) will provide all personal, payroll, and leave information to each employee. Employees will now be able to access wages, certification, benefits and other information at any time. We encourage staff to view this information at the beginning of the year for their anticipated pay rate and exempt or non-exempt

classification for purposes of providing overtime or compensatory time. **This notice is not a contract; it is provided for your information only.** If we discover during the school year that either you or we made an error in that information, we will make adjustments to remaining salary or pay to correct the error. This correction during the payment term may increase or decrease your regular pay check.

We pay employees monthly on the 20th. As a benefit to employees, we provide a direct deposit option for your pay checks. A notification period of one month is necessary to activate this service. If you wish to take advantage of this convenience, please contact the Benefits office to make arrangements. The last check due to you will be a standard “paper check” and may be picked up at the District’s Administrative Offices or your campus even if you have elected the option of direct deposit.

The schedule of pay dates for the school year follows:

August 19, 2016	December 16, 2016	April 20, 2017
September 20, 2016	January 20, 2017	May 19, 2017
October 20, 2016	February 20, 2017	June 20, 2017
November 18, 2016	March 20, 2017	July 20, 2017

During the school year, paychecks are delivered to each campus. Paychecks will not be released to any person other than you, the District employee named on the check, without your written authorization. During summer breaks, paychecks will be delivered to each campus. You may wish to give sufficient stamped, self-addressed envelopes to your campus secretary if you want to have the check mailed during summer break.

As a benefit to our employees and to provide a measure of predictability for employees’ personal budgeting purposes, we will calculate or estimate an expected monthly pay for all employees, whether employed by contract for a specific amount of money over the entire term or employed on an at-will basis at an hourly rate of pay. If you are under a contract or work calendar for fewer than 12 months or in a position that does not require you to provide active service for 12 months of the year, we will set aside a portion of that monthly pay each month to provide a regular paycheck during the one or two months in the summer that you are not actively working. This is known as annualizing compensation. Each month, however, we will compare your estimated monthly pay with the number of hours or days actually worked, including days of paid leave in accordance with district policy, and will make adjustments as necessary to ensure that you are paid correctly for time worked.

Before a paycheck can be issued to a new employee, all required forms must be completed and on file with the Payroll and Human Resources Departments.

Overtime Compensation

If you are an employee who is covered by the minimum wage and overtime requirements of the Fair Labor Standards Act, you must keep accurate records of all time worked for the district. This means that you must clock in through the Kronos timekeeping system that we provide, the actual time that you begin work each day, the time you take for lunch, and the time you stop working each day. We generally expect that non-exempt employees will not work more than 40 hours in a work week. Our work week begins at 12:00 a.m. on Sunday and ends at 11:59 p.m. on Saturday.

All overtime must be approved in advance by your supervisor. Working overtime without prior authorization is insubordination and may result in the termination of your employment.

Overtime is legally defined as all hours worked in excess of 40 hours in a workweek and is not measured by the day or by the employee's regular work schedule. Employees who must work beyond their normal schedule but less than 40 hours per week will be compensated in straight-time pay or equivalent time off in the same workweek. Employees must work more than 40 total hours in a week to earn overtime compensation.

Insurance

Policy CR series

We will hold meetings with all staff at the beginning of each school year to provide information about the insurance programs that are available to you, including optional coverage for long-term and short-term disability, additional group life insurance, vision, dental, and cancer coverage. We make a contribution to the basic health coverage for all eligible employees and will make this contribution so long as you are using accumulated paid leave or family medical leave. If you have an illness or injury that exhausts all paid and family medical leave, you may continue to participate in our health insurance for a limited time by paying your own premiums in advance. At the end of that time, you will be offered the opportunity to pay for continuation coverage.

The District's contribution to employee insurance premiums is determined annually by the Mount Pleasant ISD Board of Trustees. Employees eligible for health insurance coverage include the following:

- Employees who are active, contributing TRS members
- Employees who are not contributing TRS members and who are regularly scheduled to work at least 10 hours per week. (These employees must pay entire premium. We do not contribute anything to their insurance.)

TRS retirees who are enrolled in TRS-Care (retiree health insurance program) and employees who are not contributing TRS members, who are regularly scheduled to work less than 10 hours per week, are not eligible to participate in TRS-ActiveCare. The insurance plan year is from September 1 through August 31. Current employees can make changes in their insurance coverage during open enrollment

each spring, but no later than August 31. Employees should contact the MPISD Benefits Office for more information.

Payroll Deductions

Policy CFEA

We will make all required state and federal deductions from your gross pay each pay period. Deductions for the Teacher Retirement System of Texas (TRS) are required for all full-time employees. Temporary and part-time employees who are not eligible for TRS membership must have their 457 contributions deducted.

We will comply with any court order to deduct child support payments from your gross pay and with any valid orders to deduct federal school loan payments or pay a portion of your wages directly to the Internal Revenue Service. Other regular deductions may include:

- amounts that you are required to pay to maintain health insurance coverage for yourself and any dependents you have chosen to include in the district's health plan,
- amounts that you elect to pay for optional insurance coverage or additional investments,
- professional organization dues if you have requested us to make those payments.

All payroll deductions must be submitted in writing to the MPISD Benefits Office.

We provide a Section 125 Cafeteria Plan under federal tax laws that allows you to request that some regular and optional deductions be made from your gross salary before federal income withholding taxes are calculated. We will hold information sessions at the beginning of the school year to explain this program and give you the opportunity to make decisions and complete any paperwork necessary to participate. New employees must accept or reject this benefit during their first month of employment. All employees must accept or reject this benefit on an annual basis and during the specified time period. You may contact the Benefits Office for more information.

Duties and Responsibilities

Policies DEA, DK, DL

All employees are subject to assignment and reassignment. At the campus level, the principal will ultimately determine your assignment. The superintendent can make assignments and reassignments between campuses and positions. Teachers may be assigned to any teaching assignment for which they are or can be qualified.

You will receive a copy of the job description for your assignment at the beginning of your employment or when your job description changes. Your principal or supervisor can assign additional duties if needed in order to make sure that the campus or department is running effectively and efficiently. Ordinarily, you will

not receive any additional compensation for those duties, except as may be necessary to provide overtime for non-exempt employees.

The work day is not the same as the instructional day. Principals may set hours of work for employees that require you to be on duty before daily instruction begins and after daily instruction ends.

If you wish to leave campus during the school day for any reason other than taking a duty-free lunch, you must receive permission from the principal or your direct supervisor and sign out in the office indicating the time and purpose for leaving campus and sign in when you return.

Visitors to the Workplace

Policy GKC

Any visitor for you during the working day must check in with the principal or supervisor and receive permission to go to your work site. Ordinarily we will not allow personal visitors to disrupt classroom instruction, so teachers should inform potential visitors of the time scheduled for a conference period or lunch period. We will not allow frequent or lengthy visits by friends or family to interfere with your performance of your assigned duties.

Duty-free Lunch

All teachers and librarians will receive a 30-minute duty-free lunch at least four days each week. During this time, teachers and librarians have no responsibilities related to supervising students and may leave campus, provided they return within the allotted 30 minutes and follow appropriate checkout procedures through their campus office. If we are experiencing a personnel shortage, economic conditions that limit our ability to hire lunchroom monitors or support staff for this purpose, or in unforeseen circumstances, we may have to assign teachers and librarians to supervise students during their lunch no more than one day per week. We will make efforts, though, to provide lunch room supervision using parent volunteers or support staff so that teachers and librarians can be provided a duty-free lunch each school day.

Faculty/Staff Meetings

Your principal will periodically schedule meetings for all teachers and other professional staff and sometimes for all staff. These meetings will usually be in late afternoon after students have been released for the day. Important information about district and campus operation and programs at the campus is communicated in these meetings, which also provide an opportunity for employees to communicate ideas and issues to the administration. You must attend these meetings unless you have contacted the principal in advance and received permission to be absent.

Conference Period

All teachers will receive a conference period of not less than 45 minutes for a total of 450 minutes within each two-week period. The purpose of the conference period is for teachers to plan and prepare instruction, to grade student work, to hold meetings with parents, and to hold meeting with students. We cannot require you to do anything else during your conference period; **however, you are required to use your conference period for those stated purposes.** You will not ordinarily be permitted to leave campus during your conference period to run errands, keep doctor or other appointments, or for any other purpose. Very occasionally, we may allow teachers to oversee another teacher's classroom during a conference period to provide for an unexpected absence or other administrative reason.

Employee Involvement: Site-Based Committee & Other Committees

Policy BQA, BQB

At both the campus and District levels, the Mount Pleasant ISD Site-Based Committees provide a valuable service to the District and the campus. If you are interested in serving on this or any other committee, please see your principal for more information.

Staff Development

Policy DMA

A prepared, well-trained professional and instructional support staff is essential to our providing a quality education to all the students of Mt. Pleasant ISD. We have scheduled days of professional development into the annual calendar. On these days students will not be present, and professional and instructional support staff must participate in training and development opportunities, under the conditions and guidelines described here.

The scheduled professional development days are mandatory for all professional and instructional support staff to attend. During these days, all staff will participate in training in topics or areas that have been identified either in our annual district improvement plan or in your campus improvement plan. The calendar in the Appendix of this Handbook identifies the mandatory professional development days.

Employees should not plan to attend college classes during the school work day. All college course work should be planned for times when school is not in session or when an employee is not scheduled to work.

Evaluations/Appraisals

Policy DN Series

All employees will be evaluated or appraised in writing by their supervisors. Teachers will ordinarily be appraised annually, but may be appraised less frequently if they agree in writing and the most recent appraisal showed no areas of deficiency. However, everyone will be evaluated at least once every three years.

You will have an opportunity for a conference with your supervisor to discuss your evaluation and expectations for performance. An important part of your supervisor's job is overseeing and assessing employee performance throughout the school year, and your supervisor may provide written documentation to you relating to your performance as he or she determines appropriate.

Teachers in grades K-12 are appraised using the state Texas Teacher Evaluation and Support System (T-TESS) and will receive orientation to the system prior to being evaluated.

Transfers/Reassignments

You can request a transfer to another campus or department for the following school year by submitting a written request to Human Resources no later than June 1st. You must obtain approval from your current principal or supervisor prior to the request. Requests for transfer during the school year will be considered only when the change will not affect students and after a replacement has been found. The principal of the receiving campus has the authority to approve or reject all staff assigned to his or her campus except when reassignments are due to enrollment shifts or program changes.

All transfer requests will be coordinated by the Human Resources Department and are subject to approval by the superintendent. The superintendent has the authority under state law and district policy to transfer or reassign any employee in the district.

We will usually post vacancies within the district on bulletin boards in the central administrative office and on the district's website. All current district employees are eligible to apply for other jobs in the district, but we will not consider any applicant for any position who does not meet the minimum requirements posted for the position. If a current employee is selected for an interview, the employee will be notified and an interview time scheduled.

Safety

Policy CK series

We strive to maintain a safe and healthy work environment. All employees share the responsibility for helping to keep the workplace safe and to avoid injury to themselves or others. We will provide training from time-to-time for all employees on how to avoid accidents in the workplace. Violating safety standards pertinent to your assignment can result in disciplinary action. Employees must keep work areas clean and orderly at all times, as well as operate only equipment for which they have training and authorization. We remind you that you must report a job-related injury immediately to your supervisor so that the district can complete required reports under the workers' compensation statutes and rules.

Employees are responsible to maintain a secure, clean, healthy, and orderly workplace. If District keys have been entrusted to you and they are lost or stolen, report the incident immediately to your supervisor. Classrooms, shops, district

vehicles, etc., are in view of the public and students so employees should be conscious of the need to maintain good housekeeping. Following security protocol and maintaining an orderly workplace sets a good example for students, provides a safer environment, and demonstrates the District's awareness of the need to preserve public property.

We comply with the state Hazard Communication Act and maintain current lists of hazardous chemicals used in the district and current Material Safety Data Sheets. If you want or need this information, please contact the Director of Maintenance.

Health Safety Training

Policies DBA and DMA

Certain employees who are involved in physical activities for students must maintain and submit to the District proof of current certification or training in first aid, cardiopulmonary resuscitation (CPR), the use of an automated external defibrillator (AED), and extracurricular athletic activity safety. Certification or documentation of training must be issued by the American Red Cross, the American Heart Association University Interscholastic League, or another organization that provides equivalent training and certification. Employees subject to this requirement must submit their certification or documentation to the Director of Student Services by the first day of school.

Pest Control

Periodically, district buildings and grounds are treated by licensed or trained individuals to control unwanted pests, such as insects and rodents. We will post notices of those treatment dates as required by law and will schedule treatment times when students or employees are least likely to be in the building or on the grounds.

Employees are prohibited from applying any pesticide or herbicide without appropriate training and prior approval of the integrated pest management (IPM) coordinator. Use of unauthorized pest control chemicals in a classroom or office space violates state and federal laws. If required, employees shall notify their principal or supervisor of the need for such services and not apply such chemical agents.

Asbestos Management Plan

The District's Asbestos Management Plan, designed to be in compliance with state and federal regulations addressing asbestos that may have been used in District facilities, is available in the Maintenance Director's office during that department's business hours, Monday through Friday. If you have any questions, please contact Russell Luck at (903) 575-2000, extension 1755.

Maintenance and Repairs

We strive to keep all our facilities clean, well-maintained, and in good repair. Teachers and other employees must ensure that they do not store items in their classrooms or offices that will attract pests of any kind. If your classroom or office needs maintenance or a repair, complete a Maintenance Request Form and submit it to your principal or supervisor. If you believe that your work area or classroom is not being adequately cleaned, contact your principal or supervisor. Do not take it on yourself to direct the work schedule or activities of our custodial and maintenance staff.

Important Notice:

Never underestimate the seemingly idle threats of students, parents, or other individuals. We need to encourage students to report any and all threats of violence to the appropriate school personnel. It is everyone's responsibility to help ensure the safety of our students and one another.

Standards of Conduct

Policy DH

We expect all district employees to work together in a cooperative spirit to serve the best interests of the District and treat each other, students, and parents or other patrons of the district with common courtesy and respect at all times. We hold our students to a high standard of conduct, as expressed in the Student Code of Conduct, and we expect no less of our employees. All district employees serve as role models for our students and must conduct themselves at work and in public as honest, law-abiding citizens.

Employees must:

- Recognize and respect the rights of students, parents, other employees, and members of the community.
- Maintain confidentiality in all matters relating to students and coworkers.
- Report to work according to the assigned schedule.
- Notify your immediate supervisor in advance or as early as possible in the event that you must be absent or late. Unauthorized absences, chronic absenteeism, tardiness, and failure to follow procedures for reporting an absence may be cause for disciplinary action.
- Know and comply with department and District policies and procedures.
- Express concerns, complaints, or criticism through appropriate channels.
- Observe all safety rules and regulations and report injuries or unsafe conditions to a supervisor immediately.
- Use District time, funds, and property for authorized District business and activities only.
- A contract employee who is guilty of writing checks when funds were insufficient shall be warned that passing additional bad checks may render the employee ineligible for contract renewal.

- Any employee who owes taxes or whose spouse owes taxes to the District that have been delinquent for more than one year may not be eligible for continued employment.

The Educators' Code of Ethics may be found on the Texas Education Website: <http://tea.texas.gov/>. By law, it applies to all district employees who hold a certificate issued by the State Board of Educator Certification. **By local policy, it applies to all employees in the district.** You should read and be familiar with the standards and expectations expressed there because these are the standards and expectations we will impose on you.

If you are arrested for or convicted of a felony or any crime of moral turpitude, you must report that fact to your principal or immediate supervisor within 3 calendar days. Offenses involving moral turpitude include without limitation theft or attempted theft of any kind, fraud of any kind, sexual offenses, any assaultive or violent offense, bribery, perjury, drug or alcohol offenses, offenses constituting abuse or neglect under the Texas Family Code, or any other offense contrary to justice, honesty, modesty, or good morals.

Fraud and Financial Impropriety

Policy CAA

All employees should act with integrity and diligence in duties involving the District's financial resources. The District prohibits fraud and financial impropriety, as defined below. Fraud and financial impropriety includes, but is not limited to, the following:

- Forgery or unauthorized alteration of any document or account belonging to the District
- Forgery or unauthorized alteration of a check, bank draft, or any other financial document
- Misappropriation of funds, securities, supplies, or other District assets, including employee time
- Impropriety in the handling of money or reporting of District financial transactions
- Profiteering as a result of insider knowledge of District information or activities
- Unauthorized disclosure of confidential or proprietary information to outside parties
- Unauthorized disclosure of investment activities engaged in or contemplated by the District
- Accepting or seeking anything of material value from contractors, vendors, or other persons providing services or materials to the District
- Destroying, removing, or inappropriately using records, furniture, fixtures, or equipment
- Failing to provide financial records required by state or local entities
- Failure to disclose conflicts of interest as required by policy
- Any other dishonest act regarding the finances of the District

Sexual Harassment/Inappropriate Conduct

We do not allow employees to engage in sexual harassment of other employees, students, parents, patrons, or vendors to the school. No district employee is permitted to have a sexual or romantic relationship with a student, regardless whether the student or parent welcomes or approves of the relationship.

Sexual harassment is any unwelcome conduct of any kind that is based on a person's sex or that would not occur but for the sex or gender of the person and that is so severe or pervasive that it deprives a person of the benefit of his or her job or education. Isolated incidents of inappropriate sexually charged conduct may not amount to sexual harassment, but they are still prohibited under our standards of conduct and should be reported to an administrator so that he or she can look into the situation.

We provide mandatory training periodically for all employees on how to recognize, prevent, and avoid sexual harassment.

If you believe you are the victim of sexual harassment or any other inappropriate conduct by a co-worker or even a student, you should contact the Title IX coordinator or your principal to discuss the matter and perhaps to file a complaint. Our complete policy on sexual harassment and the process for bringing a complaint may be found in *Policies DIA (LEGAL), DIA (LOCAL)*.

Inappropriate Social Relationships with Students

School employees are always in the public eye, and the expectation is that they will always observe professional boundaries in their personal relationships with students. District policy also prohibits employees from having "inappropriate social relationships" with students.

So there is no confusion or misunderstanding about the District's standards on this issue, the following interactions or communications with students will generally be considered an "inappropriate social relationship":

- Communications with students, whether by telephone, email, instant message, Twitter, text message, or any other form of electronic or digital communication at any time, unless the communication is directly related to your assigned duties and responsibilities, e.g., the student's homework, class or team activity, school club, or other school-sponsored activity and has been approved by your supervisor.
- Engaging in personal conversations with students about either the student's or your own personal relationships or problems with spouse, boyfriend, girlfriend, or significant other
- Taking a student away from school during the school day without obtaining express permission of the student's parent or the principal

- Visiting students at their homes when a parent is not present or inviting a student to your home without prior express permission of the student's parent
- Giving gifts of a personal nature (clothing, perfume or cologne, jewelry, etc.) to students at school or at any time without the parent's knowledge and permission
- Playing "favorites", e.g., allowing specific students to get away with conduct that is not permitted from other students

Other Harassment

Policy FFI

We also do not allow employees to harass each other based on race, color, gender, national origin or ethnicity, religion, age, or disability.

Harassment on these bases includes physical, verbal, or nonverbal conduct when it is so severe, persistent, or pervasive that it has the purpose or effect of unreasonably interfering with someone's work performance; creates an intimidating, threatening, hostile, or offensive work environment; or otherwise adversely affects someone's employment opportunities.

All employees are required to report student complaints of bullying to their immediate supervisor. The District's policy includes definitions and procedures for reporting and investigating bullying of students and is available on our website.

If you always conduct yourself in the workplace with common courtesy and respect for your co-workers, harassment will never be a problem for you. You should be sensitive to the desires of your co-workers in making or displaying personal religious expressions in the workplace and should not engage in unwelcome religious discussions or proselytizing in the workplace.

If you believe you are the victim of harassment or any other inappropriate conduct by a co-worker or even a student, you should contact the Title IX coordinator or your principal to discuss the matter and perhaps to file a complaint. Our complete policy on harassment and the process for bringing a complaint may be found in *Policy DIA (LEGAL) and (LOCAL)*.

Tobacco Use

Policies DH, GKA, FNCD

We do not allow any use of any tobacco product on school property, indoors or outdoors, at any time by any person. This prohibition includes any tobacco use in a school-owned vehicle. Because you are a role model for students, we also prohibit you from using any tobacco product in the presence of students when you are serving in any school-related capacity. If you are a tobacco user, you must leave school property—with the permission of your supervisor—in order to smoke or otherwise use a tobacco product.

Electronic or Vapor “Cigarettes”

The District recognizes that electronic or vapor cigarettes are not “tobacco”; nonetheless, we believe the use of those devices in the presence of students or while otherwise on school property or at school events may encourage students to experiment with tobacco cigarettes or other nicotine delivery devices. Thus, employees will not use electronic or vapor “cigarettes” in school buildings or the presence of students. Employees may use these devices in their own cars on school property, however, during times when they are not otherwise required to be on duty.

Alcohol and Drug Use

Policies DH, DI

You are prohibited from using or being under the influence of alcohol or any illegal drug or controlled substance at work or at any school-sponsored activity, whether you have an official role in that activity or not. If we have any reason to believe that you are under the influence of alcohol or drugs at school or while engaged in any school activity, we may transport you to a medical facility and require you to be tested, at our expense, to determine blood alcohol level or other relevant information.

We conduct pre-employment and random testing for drug and alcohol use for all employees in safety sensitive positions. If you are required to have a commercial driver’s license or drive a school-owned vehicle as any part of your assigned duties and responsibilities, you will be subject to drug and alcohol testing. We are required to make a report to Texas Department of Public Safety if you test positive for alcohol or drugs, refuse to provide a specimen for testing, or provide an adulterated or diluted, or substitute specimen for testing. If you have questions about the details of the drug testing program for employees, talk to your supervisor and also see policy *DHE (LEGAL) and (LOCAL)*.

You cannot provide alcohol or illegal or prohibited drugs to students and must not allow students to use alcohol or illegal drugs in your presence, at any time or place. You are also prohibited from providing any type of over-the-counter medication or dietary supplement to students. Only designated school employees may administer prescription medications or over-the-counter medications to students, in accordance with Board policy.

Weapons

You cannot bring any firearm or any other prohibited weapon on school property unless you have written permission from the superintendent or board of trustees. To ensure the safety of all persons, employees who observe or suspect a violation of the District’s weapons policy should report it to their supervisor or call the Mount Pleasant ISD Police Department immediately. A list of prohibited weapons and their definitions is in the Code of Student Conduct and in board policy at FNCG (LEGAL).

Appropriate Language

As a role model for students in the school setting, all employees are expected to refrain from using profanity or vulgar language, both in the presence of students and to each other.

Dress and Grooming Standards

You must maintain a clean, neat, modest, professional appearance at school and school activities. All employees must display school identification at all times on school property or at school-sponsored activities. Food service and maintenance/custodial employees may be required to comply with specific dress and grooming standards for health and safety reasons. Your supervisor will provide more detailed information about these requirements.

Searches

Noninvestigatory searches in the workplace, including accessing an employee's desk, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, we can search you, your work area, your vehicle on school property, or your other possessions or property at school with or without your consent if we have a reasonable basis to believe that the search will turn up evidence of work-related misconduct. Any search we conduct will be reasonably related in scope to the circumstances that justified the search in the first place.

Outside Employment

Policy DBD

You are free to have employment outside the district so long as those duties do not interfere with your performance of duties for the district and are not inconsistent with your position in the district. However, if you are using family medical leave, temporary disability leave, or any other type of medical leave under our policies, you may not work at any other employment during that leave. Teachers may not tutor their own students for pay during the school year.

Work-Related Travel

Any travel on our behalf must be approved by the principal and superintendent in advance. We have an approved per diem rate for meals when traveling on school business. You will not be reimbursed for any amounts in excess of the approved per diem amount. No employee may receive both a per diem allotment and reimbursement for actual meal expenses. We will not reimburse you for alcohol and will not pay for personal charges on hotel/motel rooms such as in-room

movies. All travel expenses will be reconciled with the Business Office no later than 30 calendar days after travel is completed.

If you use your own car for approved work-related travel, we will pay you for mileage at the current approved rate, but will not reimburse you for gasoline, which is included in the mileage rate.

Use of District Vehicles

Employees whose duties permit them to drive a District-owned vehicle are charged with operating that vehicle for MPISD business only. Some employees have emergency call-out responsibilities and may drive their assigned vehicle to their residence. School-owned vehicles checked out to staff must not be driven for personal use during non-working hours.

Personal Phone Calls and Cellular Telephones

Employees should refrain from making and receiving personal telephone calls and texts during the work day. If an employee carries a cellular telephone while at work, no personal calls or texts should be made or received while at a duty station, especially when students are present.

Animals in District Buildings

Other than laboratory animals used in Science, Agriculture, or similar classes, no employee or student should bring any animal into school buildings. Many students and employees are allergic to animal hair and dander. If it is necessary for an animal to be present in a District building, the building supervisor must be contacted prior to bringing the animal into the building. Supervisors must give approval prior to the animal coming into the building. Animals allowed in buildings must have appropriate vaccinations. Service animals of employees, students, law enforcement agencies, and handicapped visitors are welcome.

Rumor Control

Spreading rumors in the workplace is inappropriate as rumors may diminish employee morale or can be the basis of misinformation. School employees handle a great deal of information about students, parents, and fellow workers. As public employees, school workers should understand that they hold a public trust by knowing sensitive information and that they must not spread this information in the form of rumors.

Purchases

All purchases with school funds, or for which you will seek reimbursement from school funds, must be approved in advance with an authorized purchase order. We will not pay for or reimburse for any purchases that do not comply with our required procedures. You will be personally responsible for any purchases that do not comply with our required procedures. **No school employee other than**

the superintendent and others specifically designated by the board of trustees can sign a contract that binds the district. All contracts for purchases of goods or services, including vending contracts, yearbook publication contracts, graduation supply contracts, and so on must be submitted to the business office for review and approval **before they are signed.** If you sign a contract other than in accordance with these requirements, we will not be responsible for any amounts to be paid under that contract and you may be personally responsible. A Purchasing Procedures Manual is available at each campus office and the administration building.

Meal Charges By Employees

Employees may be permitted to charge a limited amount of meal costs in campus food service facilities. Employees are responsible to pay charges each monthly payday. Meal charges shall not exceed \$20.00 for any employee. If an employee should be terminated or resign, all meal charges shall be deducted from the last pay check. Principals and supervisors will ascertain if an exiting employee has meal charges pending prior to the exit interview.

Misuse of Compensated Time

Policy DH

All employees are assigned specific as well as general job duties and responsibilities as defined in a job description that is published by the District. All employees are expected to discharge those assigned duties and comply with general responsibilities as well. Employees must be engaged with assigned duties and responsibilities at all times, exclusive of authorized breaks.

No employee should conduct personal business while at work unless it is an emergency and the applicable supervisor informed. Employees shall not sleep on the job, misuse District equipment for personal use, or otherwise engage in activities that are not related to the best interest of students or the Mount Pleasant ISD. Employees who misuse compensated time may be subject to disciplinary action, including termination.

Complaints and Grievances

Policy DGBA

We encourage you to attempt an informal resolution of any complaints or concerns you have about the workplace by talking to your principal or supervisor. However, you have the right to bring a written complaint about wages, hours, or conditions of work or if you believe that you have been harmed in some way by the violation of a law or policy. Complaints must be filed within 15 business days of the event you are complaining about. We will not entertain untimely complaints. Our policy generally provides for a three-step process, beginning with the principal or immediate supervisor and ending with the board of trustees.

At-will employees may complain about the termination of their employment through this process, and probationary teachers whose employment is terminated at the end of a school year in the best interest of the district may also use this process to present a concern about that decision to the board of trustees. All other employees must use the specific processes described in law and policy to raise issues related to contract nonrenewal or termination.

The full text of our DGBA (LEGAL) and (LOCAL) policies regarding complaints and grievances may be found on our website.

Resignation from Employment

Policies DFE, DC

Contract employees may resign their position without penalty at the end of any school year if written notice is received 45 days before the first day of instruction of the following school year. A written notice of resignation must be submitted to the campus principal **and** the Human Resources Department. The resignation will be given to the Superintendent for approval. The superintendent is the only person with authority to accept resignations from contract employees.

Resignations submitted by a contract employee to be effective at the end of the school year are final when they are submitted and cannot be withdrawn. It is not necessary for the Superintendent or any other person or body to take action to accept a resignation effective at the end of a school year.

The Superintendent will notify SBEC when an employee resigns and reasonable evidence exists to indicate that the employee has engaged in any acts requiring notification to the State Board for Educator Certification.

Noncontract employees may resign their position at any time. A written notice of resignation should be submitted to the immediate supervisor at least two weeks prior to the effective date. The supervisor will forward the information to the Human Resources Department. Employees are encouraged to include the reasons for leaving in the letter of resignation but are not required to do so. **You must schedule an exit interview with the Human Resources Department if you leave district employment for any reason.**

Termination of Employment

Policies DCD and DF series

Please refer to our policies regarding termination or nonrenewal for the processes involved in ending employment in the district. Generally, at-will employees can be dismissed from employment at any time for any reason or no reason, provided it is not an illegal reason.

You must schedule an exit interview with the Human Resources Department if you leave district employment for any reason. We will delay the delivery of the last

paycheck until all district equipment, keys, or any other district-owned property or materials have been returned and accounted for and exit interview is complete.

Teacher Retirement

TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify the Human Resources and Benefits offices as soon as possible. Information on the application procedures for TRS benefits are available from TRS at Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call 800-223-8778 or 512-542-6400. TRS information is also available on the Web (www.trs.state.tx.us).

IMPORTANT INFORMATION ABOUT WORKING WITH STUDENTS IN MOUNT PLEASANT ISD

Much of the information in this section of the Handbook applies primarily to teachers and other professional employees working directly with students on a daily basis. Some of the information, however, applies to all employees. We will use the term “employees” when we mean everyone and “teachers” when we mean professionals. We will also continue to use “you” and “your” as appropriate.

Student Records and Confidentiality

Policy FL

Education records and information maintained about students that is related to their education are confidential under federal law. You will often learn personal information about your students and their families in the course of your work for the district. You must not discuss students or their families—their conduct, their academic achievement or academic failings, or personal information—with anyone unless you need to share the information with another employee or someone working with the school district for a reason related to the child’s education. Board policy at FL contains complete information related to the confidentiality of student records.

The student handbook provides parents and students with detailed information on student records. Parents or students who want to review student records should be directed to the campus principal for assistance.

Discipline/Student Supervision and Control

Policies FN series and FO series

The board-approved Student Code of Conduct contains all the rules and requirements for conduct and discipline. Each employee has the responsibility to be mindful of student conduct at all times and to intervene if students are harming each other or school property. In other situations, if you observe student misconduct, promptly inform the principal or assistant principal. In most circumstances, only professional employees will actually impose or administer disciplinary consequences. Employees can use reasonable restraint of students to prevent injury to the student or other students or employees, or to prevent property damage. However, students with disabilities can be restrained only in emergency situations.

Classroom teachers have the authority and responsibility to develop and communicate rules for classroom behavior. We expect you to handle minor disturbances in the classroom through these rules. However, if a student engages in classroom conduct that violates the Code of Conduct, complete a discipline referral form and send the student to the office.

Any employee who observes students acting in any way that could be construed as harassment or bullying under the code of conduct must promptly report the conduct to the principal or assistant principal and should intervene to correct or stop the conduct when possible. If you reasonably believe the conduct is sexual abuse or other maltreatment of a child, then you must also make the required report to Child Protective Services or local law enforcement.

Classroom teachers should not leave students unattended at any time and must not leave them unattended for more than a minute or two in an emergency. This rule is particularly important at the elementary grades, but also applies at the secondary grades. If you must leave your classroom during instruction because of an emergency, inform the office so that we can make arrangements to have an adult present in the classroom while you are gone.

Emergency Procedures

Policy CKC

We have developed a district-wide plan for use in case of dangerous weather or other emergency or crisis situations. This plan is posted at each campus in the principal's office. You must be familiar with these procedures and follow them. Each campus is equipped with an automatic external defibrillator. Fire extinguishers are located throughout all District buildings. Employees should know the location of these devices and procedures for their use. Your calm demeanor and confidence in dealing with an emergency or crisis situation at school will help your students remain calm so that they can respond as needed. We will conduct emergency procedure exercises periodically—some announced to staff, some unannounced.

In situations where weather conditions may interfere with the school schedule, you will be notified through School Messenger, your supervisor, or check the district's website. The superintendent will make all decisions regarding the necessity for an early release, delayed start time, or school closure because of the weather.

Reporting Child Abuse or Neglect

We provide annual training to all staff on recognizing the signs of sexual abuse or other maltreatment of a child, which includes child abuse and neglect, as those terms are defined in the Texas Family Code. All employees have a legal duty to make a report to local law enforcement or to Child Protective Services if they have reason to believe that a child has been or may be abused or neglected. A report that a parent or other person responsible for the care, custody, or welfare of a child may have abused or neglected the child must be reported to Child Protective Services. Professionals and paraprofessionals who hold an aide certificate have a legal duty to make this report orally within 48 hours and to follow that with a written report. You have not fulfilled this duty if you simply make a report to your supervisor. While we want you to inform the principal if you believe a report is required, you must still make the report yourself. If you are not certain whether you have observed child abuse or neglect, you should err on the side of

reporting. Professionals can receive sanctions against their certificates and any person can face criminal charges for knowingly failing to make a report of known or suspected child abuse or neglect. Your identity will be protected when you make a good faith report.

Child Abuse Reporting Hotline: 1-800-252-5400 or www.txabusehotline.org

If it is a life threatening or emergency situation, call 911 immediately.

Freedom from Discrimination, Harassment and Retaliation /Bullying

The District prohibits discrimination, including harassment, against any student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law. Reports of discrimination, harassment, retaliation or bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. The student policies related to Freedom from Discrimination, Harassment, and Retaliation and Bullying may be found in policies FFH (LEGAL) and (LOCAL) and FFI (LEGAL) and (LOCAL).

School Activities and Functions

During “Back-to-School” nights at the beginning of the school year, all teachers are required to be present unless you have made advance arrangements with the principal or are too sick to attend. This event is an opportunity to meet parents, explain briefly how you operate your classroom, and give parents an opportunity to ask questions and tell you things they think you need to know about their children.

We will let you know when you are expected to attend other events or activities.

Parent Organizations

We encourage teachers to be familiar with and take part in, as they choose, the activities of the parent group at their campus.

Parent Relations

All written and oral communications from teachers or other staff to parents must be professional and courteous and always made with the child’s best interest at heart. Teachers and other professionals should always respond as promptly as reasonable under the circumstances to parent communications to them, either in writing or by telephone.

We provide a conference period so that you can schedule meetings with parents at their request or at yours. If you schedule a meeting with a parent, you must inform

the principal's office so that we will know to expect the parent to check in. We generally encourage parents to visit their children's classroom occasionally, but parents must make prior arrangements with you and you need to let us know in advance. Parents or other visitors must always check in at the principal's office and receive a Visitor's Pass. Do not allow parents to come directly to your room to pick up a child unless you have received prior specific authorization from the principal.

If for some reason a problem in communication develops between you and a parent, your principal or another administrator will be glad to be present at your conferences with the parent, at your request.

Only materials that have been approved by the principal can be sent home with students in their backpacks or otherwise. Do not rely on students to deliver important communications from you to their parents, such as progress reports, report cards, requests for a conference, or concerns about the child's conduct or performance.

Counseling Program

We have a comprehensive developmental guidance and counseling program and encourage you to refer students as you see a need. We generally expect you to be sensitive to students and supportive of them and their personal issues without becoming overly involved in their personal lives. Most classroom teachers are not trained counselors. While we want you to be a receptive ear to students, we also expect you to know your own limits and to refer immediately students who come to you with concerns about drug or alcohol use of their own or in their family, who come to you with concerns about pregnancy or sexual matters, or who express a desire to injure themselves or others.

Special Education/Section 504 Program

Classroom teachers and other professionals can refer students, based on the teacher's academic or behavioral observations or concerns, for assessment to determine if they have a disability that makes them eligible for special education or related services. However, you cannot suggest any particular diagnosis to parents or recommend to them that a child use any psychotropic drug. We will provide training opportunities for classroom teachers and other professionals in knowing when to refer students and in working with students with disabilities in the regular classroom.

If you are a teacher for a student with disabilities, you may be required to attend Admission, Review, and Dismissal committee meetings and participate in reviewing or planning the child's Individualized Educational Program. These meetings may occur during your conference period because they are meetings to plan for a student's instruction, and you must attend if scheduled.

Even if you are not a member of the ARD committee, you must follow the IEP for any student with disabilities in your classroom and make sure that you are making

any and all the modifications to instruction or the instructional setting that are called for in the IEP. Noninstructional staff must also comply with any administrative directives for handling or working with student with disabilities.

Student Attendance Accounting

We rely on accurate student attendance accounting for state funding and for determining one of the school's ratings under the Student Achievement Indicator System. You must complete daily attendance records for each class.

Accurate record keeping is also necessary because of the attendance for credit law, which generally requires that students be present for 90% of the days class is taught in order to get credit for the class. The campus attendance committee ultimately determines whether credit will be granted for a student with excessive absences. You may be called on to serve as a member of the attendance committee.

Curriculum/Instruction

Teachers must teach the curriculum approved by the board of trustees, which is focused on the Texas Essential Knowledge and Skills adopted by the State Board of Education. The TEKS are aligned with the statewide assessment program for all students, which is administered annually at some grade levels. As you are all aware, campus and district ratings rely to a great extent on student achievement as demonstrated through success on the state assessments. For all these reasons, each teacher must devote his or her best energy and efforts to delivering the required knowledge and skills to their students and making sure that students are learning.

Teachers do not have the latitude to select their own instructional materials. You must use the district-provided textbooks or other instructional materials and curriculum and must obtain prior approval from your principal to use any other materials in your classroom.

Refer to board policies EFA (LEGAL), (LOCAL), and (EXHIBIT) regarding federal copyright limitations on the use of copied materials in the classroom and intellectual properties. Any copying you do for your classes must conform to the fair use guidelines in the EFA (EXHIBIT).

We encourage teachers to be creative in how they impart the essential skills and knowledge but you must obtain prior approval from your principal to conduct any special activity in the classroom that is not covered in the curriculum guide for your subject or grade level.

Field Trips

If you or your grade level or team want to take students on a field trip, you must first get principal approval for the activity and the scheduled date, as well as submit a request for necessary transportation. A proposal for a field trip must be

coordinated with the TEKS for the course, define the curricular objectives for the trip, and fit in with the current instructional unit.

Field trips will always be taken on school transportation and never by private passenger vehicles. Students must submit signed parent permission slips before the trip.

If you will have certain criteria for students to participate in the field trip, you must communicate those well in advance to students and parents. Any criteria should be designed to maximize student participation. Criteria for participation must not be designed in such a way that all students who are ineligible can be readily identified as students who are failing the class. You must plan an alternate instructional activity for students who are not eligible to participate in the field trip.

Using Film/Movies in Class

Movies can be used effectively for instruction in many courses, but must never be used in the classroom as a reward or for entertainment.

Before you show a movie to a class, however, you must discuss the activity with your principal, including how the movie is related to the TEKS for the class or subject. Movies should always be age-appropriate for the students in the class.

Textbooks/Instructional Technology

At the beginning the school year or semester, you will assist in the distribution of state-adopted textbooks or instructional technology to students in your classes. At the end of the year or semester, you are responsible for accounting for the return of textbooks or instructional technology issued to your students. However, we will not require you to pay for any textbooks or instructional technology that your students steal, misplace, or do not return.

Some students will not be issued textbooks if they did not properly return books issued in the previous year. You will have a few classroom copies of the textbook or other instructional materials for those students to use in class, but they cannot take the books home or to their lockers.

Fund-Raising

You cannot use instructional time to administer or facilitate fund-raising efforts of student or other organizations.

If you are the sponsor of a student group or organization that wishes to conduct a fund-raising campaign, you must get prior approval from the principal for the activity.

As a sponsor of a student group or organization, you are personally responsible for accounting for all funds raised or collected by students in your group. You must

refer to the MPISD Student/Campus Activity Fund Procedures Manual for all information concerning your responsibilities.

Your failure to follow established procedures related to depositing, handling, and accounting for the proceeds from fund-raising activities or any other monies associated with student activities or organizations may affect your employment.

Extracurricular /UIL Sponsorships

Your principal can assign extra duties related to sponsorship of extracurricular student groups and UIL academic activities. Some of these assignments may have additional stipends according to the schedule approved by the board of trustees; some may not. A teacher's primary responsibility is **always** the delivery of the required curriculum to students in your classes.

Electronic Media / Communication and Use Agreement

Use Agreement – Personal and Student Use of Electronic Media

Mount Pleasant Independent School District

Responsible Use of the District's Electronic Communications System

The Mount Pleasant Independent School District offers access to electronic equipment, the Internet, and a District-based World Wide Web server to MPISD faculty, staff, and students for the purpose of pursuing educational goals. Access to these resources is considered a privilege, and District policies, regulations, and procedures have been developed to address the issues and concerns raised by access to electronic information. In addition to the general policies, regulations, and procedures that must be adhered to by all District personnel and students accessing the network systems, faculty and staff will have a number of additional responsibilities for maintaining adherence to policies regarding use of the Internet. Such responsibilities are in keeping with the standards and practices outlined in the Code of Ethics and Standard Practices for Texas Educators.

Teachers will be responsible for monitoring students in the use of the Internet, and for distributing and collecting the student's signed consent forms. Teachers are also responsible for keeping a copy of these forms on file and forwarding the original to the campus office or campus designee. Teachers will be professionally responsible for closely monitoring student conduct on the Internet during class sessions and extended activities. Teachers may ask a student to print a history of sites that have been accessed during any specific Internet session to verify the educational relevance of the site. Resources should be restricted to specific class usage for assignments, research, etc... Teachers are responsible for regulating access to the Internet and other network resources. Teachers must also report any violations of Internet use and network access directly to the campus principal who may inform the Technology Director. Furthermore, teachers will be responsible with following through on suspected violations of technology policies and procedures by individuals, whether during the class or not. The campus principal will enforce disciplinary actions. Violators can lose all computing access.

Students may be allowed to assist in the development of web pages. However, teachers must preview and approve proposed content and linkages of those pages. Not all web pages designed by and for students will be posted. Personal information of any kind is strictly prohibited without the proper written consent. Pictures that allow an individual to be identified by name are prohibited, unless parental consent is on file.

Home pages will be posted to the District's web server only after further review by a designee of the campus principal and/or the designated webmaster. Only the Technology Director, Webmaster or his/her designee will be allowed to upload files to the District web server **after** the review process.

Student access to the Internet may be denied by parental action, thus the teacher cannot consider student use mandatory. Students who do not have access to the Internet must be provided with alternative means for completing assignments.

Faculty and staff will intervene if there is any suspected violation of policies on use of copyrighted materials. **Teachers who assign or even suggest Internet use for class assignments must teach and monitor proper copyrighting and appropriate referencing of materials.**

Teachers and District staff must recognize that computer files and E-mail have the same legal status as other district communications and files that are subject to public access. Teachers and District staff should also recognize that illegal activities and activities that are contrary to state or federal law can result in disciplinary action or charges being brought against District personnel who are found to engage in or permit such activities using District computers and network resources. Relevant statutes are *Section 16.04 Unlawful Access to Stored Communications* and *Section 33.02*

Personal Use of Electronic Media

Policy DH

Electronic media includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), Web logs (blogs), electronic forums (chat rooms), video-sharing Web sites (e.g., You Tube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, MySpace, Twitter, LinkedIn). Electronic media also includes all forms of telecommunication such as landlines, cell phones, and Web-based applications.

As role models for the District's students, employees are responsible for their public conduct even when they are not acting as District employees. Employees will be held to the same professional standards in their public use of electronic media as they are for any other public conduct. If an employee's use of electronic media interferes with the employee's ability to effectively perform his or her duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for Web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic media for personal purposes shall observe the following:

- The employee may not set up or update the employee's personal social network page(s) using the District's computers, networks, or equipment.
- The employee shall not use the District's logo or other copyrighted material of the District without express, written consent.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Code of Ethics and Standard Practices for Texas Educators, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - Confidentiality of student records (Policy FL)
 - Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law (Policy DH)
 - Confidentiality of district records, including educator evaluations and private e-mail addresses (Policy GBA)
 - Copyright law (Policy EFE)
 - Prohibition against harming others by knowingly making false statements about a colleague or the school system (Policy DH)

See *Use of Electronic Media with Students*, below, for regulations on employee communication with students through electronic media.

Use of Electronic Media with Students

Policy DH

A certified or licensed employee, or any other employee designated in writing by the superintendent or a campus principal, may communicate through electronic media with students who are currently enrolled in the District. The employee must comply with the provisions outlined below. All other employees are prohibited from communicating with students who are enrolled in the District through electronic media.

An employee is not subject to these provisions to the extent the employee has a social or family relationship with a student.

The following definitions apply for the use of electronic media with students:

- *Electronic media* includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), Web logs (blogs), electronic forums (chat rooms), video-sharing Web sites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, MySpace,

- Twitter, LinkedIn). *Electronic media* also includes all forms of telecommunication such as landlines, cell phones, and Web-based applications
- *Communicate* means to convey information and includes a one-way communication as well as dialogue between two or more people. A public communication by an employee that is not targeted at students (e.g., a posting on the employee's personal social network page or a blog) is not a *communication*; however, the employee may be subject to District regulations on personal electronic communications. See *Personal Use of Electronic Media*, above. Unsolicited contact from a student through electronic means is not a *communication*.
 - *Certified or licensed employee* means a person employed in a position requiring SBEC certification or a professional license, and whose job duties may require the employee to communicate electronically with students. The term includes classroom teachers, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, and athletic trainers.

An employee who uses electronic media to communicate with students shall observe the following:
