Parent Involvement Policy For Mount Pleasant Independent School District

Mount Pleasant ISD is committed to the goal of providing quality education for every student in the district. Establishing partnerships with parents and with the community is an essential component for our student's education. Parents play an extremely important role as their children's first teachers. The purpose of parent involvement is to promote a school-home partnership that will help all students on all campuses succeed. Each Title I campus will develop a parental involvement policy and compact that will be distributed to parents at the beginning of each year.

The district policy will include:

- Parents and district personnel will meet once a year to evaluate the district parent involvement policy and revise the policy as need dictates. Each campus will hold an annual meeting to approve or revise campus parental involvement policy and compact.
- The district will provide the coordination, technical assistance and any other support necessary to assist participating schools in implementing effective parent involvement activities to improve academic achievement and school performance.
- Coordination of Title I, Part A parental involvement strategies with parental involvement strategies under other programs such as Head Start, Even Start, and Early Reading First.
- Specific dates on the school calendar for campuses to communicate with parents about grade reporting, specific information about curriculum, or information on testing of state standards.

This District Parental Involvement Policy has been developed jointly with parents and community.

This policy was reviewed by the members of the Board of Trustees on June 30, 2014. The district will distribute this policy to all parents of participating Title I children.
