### SCHOOL READINESS DOMAINS

#### **SOCIAL EMOTIONAL-**

Social development refers to a child's ability to create and sustain meaningful relationships with adults and other children.

#### **APPROACHES TO LEARNING-**

The Approaches to Learning domain incorporates emotional, behavioral, and cognitive self-regulation under a single umbrella to guide teaching practices that support the development of these skills.

#### **LANGUAGE & LITERACY-**

Language development refers to emerging abilities in listening and understanding (receptive language) and in using language (expressive language).

**COGNITION-** Children play an active role in their own cognitive development by exploring and testing the world around them, but they also need support from parents, teachers, and other adults.

#### **PERCEPTUAL, MOTOR, & PHYSICAL DEVELOPMENT-**

Perception refers to children's use of their senses to gather and understand information and respond to the world around them. Gross motor skills refer to moving the whole body and using larger muscles of the body, such as those in the arms and legs. Fine motor skills refer to using the small muscles found in individual body parts, especially those in the hands and feet.

### DOMINIOS DE PREPARACIÓN ESCOLAR

#### **SOCIAL EMOCIONAL-**

El desarrollo social se refiere a la capacidad del niño para crear y mantener relaciones significativas con adultos y otros niños.

#### **ENFOQUES DE APRENDIZAJE-**

El dominio de enfoques para el aprendizaje incluye la autorregulación emocional, conductual y cognitiva bajo un solo paraguas para guiar las prácticas de enseñanza que apoyan el desarrollo de estas habilidades.

#### **LENGUAJE Y ALFABETIZACIÓN-**

El desarrollo del lenguaje se refiere a las habilidades emergentes en escuchar y la comprensión (lenguaje receptivo) y en el uso del lenguaje (lenguaje expresivo).

**COGNICIÓN-** Los niños juegan un papel activo en su propio desarrollo cognitivo explorando y probando el mundo que los rodea, pero también necesitan el apoyo de padres, maestros y otros adultos.

#### **DESARROLLO PERCEPTUAL, MOTOR Y FÍSICO-**

La percepción se refiere al uso que hacen los niños de sus sentidos para reunir y comprender información y responder al mundo que los rodea. Las habilidades de motoras gruesas se refieren al uso de los músculos de todo el cuerpo y usar los músculos gruesos como las de los brazos y piernas. Motoras finas se refiere a los músculos pequeños que se encuentran en partes individuales del cuerpo, especialmente en las manos y los pies.

# Together-Time Activities

April 7-May 1

## In a Bathroom

The bathroom is a great place for children to learn hygiene and practice using their muscles by brushing their teeth and combing their hair. While they're taking a bath, they can learn math and science concepts, such as sinking and floating, full and empty. Safety tip: Always stay with your children when they're in the bathroom! Put red duct tape on all hot water faucets for safety.

Use mirrors to name body parts.

- Make faces in the mirror with your children—move your tongue, make a kiss, wiggle your nose.
- Talk with your children about all of the things they can do with their eyes—blink, stare, wink.

Look for ways to use different senses in the bathroom.

- Feel and talk about different textures—soft cotton, hard soap, smooth wall, slippery sink.
- Smell different things—toothpaste, soap.

Let your children play with different things while taking a bath.

- Help your children collect and save things to play with in the bathtub, such as plastic containers, sponges, cartons, and corks.
- Help your children notice which things sink and float.

Practice helping skills with your children.

- Encourage your children to wash their hands and face, brush their teeth, and comb their hair. Talk about health and hygiene such as why we wash our hands and face, brush our teeth. Practice health and safety habits in the bathroom with your children.

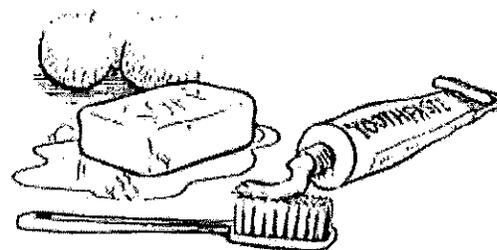

- Let your children practice pouring, washing, wiping up.
- Talk about do's and don't's such as turning on the cold water first. Tell them what they can touch in the bathroom.
- Let your children make "warm" water: turning on the cold water first and adding very little hot to prevent burns.

Talk with your children about how it feels to "grow."

- Hang a growth chart on a door and keep track of their height and weight. Show them how they are growing.
- Ask them what they can do now that they couldn't do when they were younger and smaller.

Talk with your children about opposites in the bathtub.

- Encourage them to pour water into and out of containers, making them full, making them empty. Discover things that are hard and soft, warm and cold, wet and dry.

# Actividades para realizar juntos

April 27-May 1

## En el cuarto de baño

El cuarto de baño es un lugar estupendo para que los niños aprendan sobre la higiene y la practiquen usando sus músculos para cepillarse los dientes y peinarse. Mientras se toman un baño, pueden aprender conceptos matemáticos y científicos, como hundirse y flotar, lleno y vacío. Consejo de seguridad: ¡Siempre permanezca con sus hijos cuando estén en el baño! Ponga cinta roja de embalar "duct tape" en todos los grifos de agua caliente como seguridad.

Utilice espejos para nombrar las partes del cuerpo.

- Haga muecas en el espejo con sus niños: mueva la lengua, tire un beso, mueva la nariz.
- Hable con sus hijos acerca de todas las cosas que pueden hacer con sus ojos: pestañear, mirar fijamente, guiñar el ojo. Busque maneras de usar los diferentes sentidos en el cuarto de baño.

- Toque y hable sobre diversas texturas: algodón suave, jabón duro, pared lisa, fregadero resbaladizo.
- Huela cosas diferentes: pasta de dientes, jabón.

Deje que sus niños jueguen con cosas diferentes mientras se bañan.

- Ayude a sus hijos a reunir y guardar cosas para jugar en la bañera, como recipientes de plástico, esponjas, cartones y corchos.
- Ayude a sus hijos a notar las cosas que se hunden y las que flotan. Practique destrezas de autoayuda con sus hijos.

• Anime a sus hijos a lavarse las manos y la cara, cepillarse los dientes y peinarse. Hable de salud e higiene, como por qué nos lavamos las manos y la cara y nos cepillamos los dientes. Practique hábitos de salud y seguridad en el baño con sus niños.

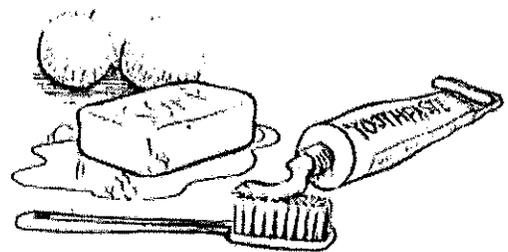

- Deje que sus niños practiquen verter, lavar y limpiar.
- Hable de qué hacer y no hacer, como abrir el agua fría primero. Dígalos lo que pueden tocar en el cuarto de baño.
- Deje que sus hijos "hagan agua tibia": abriendo el agua fría primero y añadiendo muy poca agua caliente para evitar las quemaduras.

Hable con sus hijos sobre lo que se siente al "crecer".

- Cuelgue un medidor de crecimiento en una puerta y registre su estatura y peso. Muéstrelas cómo van creciendo.
- Pregúnteles qué cosas pueden hacer ahora que no podían hacer cuando eran más jóvenes y más pequeños.

Hable con sus hijos sobre los opuestos en la bañera.

- Anímelos a verter y vaciar agua de los recipientes, llenándolos y vaciándolos. Descubra cosas que son duras y blandas, cálidas y frías, mojadas y secas.

# Fine Motor at Home

Fine motor is the muscle control between fingers, hands, and eyes to complete a task. When your child uses their hands to learn, this strengthens fine motor skills.

## Try This!

- Give your child time to get dressed/ undressed themselves. Practice buttons, zippers, and snaps.
- Allow your child to use scissors to cut paper (with supervision).
- Encourage your child to use a fork, spoon, and cup during meals.
- Be creative! Give your child a variety of art materials to explore:

Playdough

Stickers

Beads

Pipe cleaners

Yarn or string

Pencils

Crayons

Markers

Chalk

Finger paints

Tissue paper

Glue sticks

## Things to Remember

Be sure to watch that your child does not put any small objects in their mouth.

# BUILDING LETTERS & WORDS CHOICE BOARD

## SET UP IDEAS! WRITE THE LETTER, NAME, OR WORD ON

- plain white paper (place in a page protector to use over and over)
- colored paper
- long paper (comes on a roll, tape it to the floor or wall)
- flash cards

<p><b>Rainbow Marker Write!</b> Trace each letter with every color in the rainbow.</p>	<p><b>Tiny Treasures!</b> Find a small item to build the letter/word with (ex: gems, buttons, paperclips).</p>	<p><b>Tear Paper!</b> Tear up paper into small pieces and glue it to make the letter/word.</p>	<p><b>Chalk!</b> Go outside or use black paper. Write letters/words with chalk.</p>	
<p><b>Magnet Letters!</b> Match the letter or build the name with the magnet letters.</p>	<p><b>Play Dough!</b> Make the name with play dough (roll snakes or pinch small pieces).</p>	<p><b>Sticker It!</b> Use small dot stickers or any small stickers to make the letter/word.</p>	<p><b>Q-tip Paint!</b> Use Q-tips and paint to write or dot letters or words.</p>	<p><b>Shaving Cream!</b> In the tub or on a tray, write the letter/word in shaving cream.</p>
<p><b>Pens!</b> Write letters or words with pens. Try to fill up the whole page. Write different letters/words or all the same.</p>	<p><b>Cut Straws!</b> Cut up a few straws then use their pieces to make the letters/words.</p>	<p><b>Block Letters!</b> Put letters or write letters on blocks. Build words or put the letters in order.</p>	<p><b>Salt Tray!</b> Put salt in the bottom of a tray or plate. Make the letter/word in the salt with their fingers.</p>	<p><b>Rainbow Crayon Write!</b> Trace with every color in the rainbow.</p>
<p><b>Magazine Collage!</b> Cut out letters from store ads or magazines. Match the letters or build a word with the letter.</p>	<p><b>Car Writing!</b> Write the letters/words with tape on the floor or on a big piece of paper. Drive the car on the letters/words.</p>	<p><b>Stamp It!</b> Use letter stamps or magnet letters as stamps to stamp matching letters or build words in paint or kinetic sand.</p>	<p><b>Puzzle It!</b> Write the letters (ex: Aa) or word on a small piece of paper then cut up in pieces. Then put the puzzle together.</p>	<p><b>Mystery Write!</b> Write the letters or names with a white crayon. Then paint over it with watercolor to make it appear.</p>

## FUN WRITING ACTIVITIES

<p><b>Family List!</b> Make a list of everyone in your family with words and pictures.</p>	<p><b>Make a Card!</b> Make a card for someone special using pictures and words.</p>	<p><b>Make a Book!</b> Staple pieces of paper to make a book. Then use pictures and words to make the book.</p>	<p><b>Shopping List!</b> Make a shopping list with pictures and words.</p>	<p><b>Make an ABC Book!</b> Staple pages together to make a book. Then write the alphabet to make the book.</p>
