NOTIFICATION OF CONFIRMED COVID-19 CASE ON CAMPUS

Dear Parent/Guardian,

In keeping with Mount Pleasant ISD's practices to respond to COVID-19, we are notifying all student families that a person who was lab-confirmed to have COVID-19 was present on the campus of Frances Corprew Elementary. Due to privacy requirements, we will not be releasing the name of the individual or details that may identify him or her.

The local health department has begun a case investigation and should directly contact any individuals determined to be in close contact with the infected individual. Please review our COVID Protocol located on this website or contact your campus nurse if you have questions.

While we do not have reason to believe that those who were not in close contact with the infected individual have reason to be concerned, we ask that you, as always, watch for symptoms of COVID-19.

Any of the following symptoms indicate a possible COVID-19 infection:

- Temperature of 100.0 degrees Fahrenheit or higher when taken by mouth;
- Sore throat, congestion or runny nose;
- New uncontrolled cough that causes difficulty breathing (or, for students with a chronic allergic/asthmatic cough, a change in their cough from baseline);
- Diarrhea, vomiting, or abdominal pain;
- New onset of severe headache, especially with a fever;
- Chills, fatigue, muscle or body aches; or
- New loss of taste or smell

If you or any member of the MPISD community does begin experiencing any of these symptoms in a way that his not typical, we encourage you to contact your physician.
