Mt. Pleasant Independent School District Annual Financial

Introduction

During the 77th regular session of the Texas legislature (2001), Senate Bill 218 was passed and Governor Perry signed it into law shortly thereafter. This law requires each school district to prepare an annual financial accountability report that explains the district's performance under each of the indicators included the School FIRST rating system. The District's final rating, included in this report, was released on August 8, 2025.

Many business-related issues are covered in this report. The primary reporting tool, however, is the Financial Accountability Ratings Worksheet. This worksheet was developed by representatives of the Texas Education Agency (TEA), the Texas Business & Education Council (TBEC) and the Texas Association of School Business Officials (TASBO). It will be administered by TEA and calculated on information submitted to the Agency via our PEIMS submission each year. PEIMS data has always been critical on the student side of the submission, and this project adds a great degree of importance to our finance submission each year.

The 2024-2025 worksheet consists of 21 criteria; each assigned a point value with the exception of the Critical Indicators. A "No" response in criteria #1, #2, #3 or #4 automatically result in a rating of Substandard Achievement, so these first four criteria are of utmost importance.

Currently, Mt. Pleasant ISD was given a rating of "A-Superior Achievement", scoring a 100 out of a possible 100 points on the financial accountability worksheet. The worksheet itself and discussion of its salient points follows.

DETERMINATION OF RATING

A.	Did the school district fail any of the critical indicators 1, 2, 3, or 4? If so, the school district's rating is F for Substandard Achievement regardless of points earned.	
B.	Determine the rating by the applicable number of points.	
	A = Superior Achievement	90-100
	B = Above Standard Achievement	80-89
	C = Meets Standard Achievement	70-79
	F = Substandard Achievement	<70
No Rating = A school district receiving territory that annexes with a school district ordered by the commissioner under TEC 13.054, or consolidation under Subchapter H, Chapter 41. No rating will be issued for the school district receiving territory until the third year after the annexation/consolidation.		
The school district receives an F if it scores below the minimum passing score, if it failed any critical indicator 1, 2, 3, or 4, if the AFR or the data were not both complete, or if either the AFR or the data were not submitted on time for FIRST analysis.		

CEILING INDICATORS

Did the school district meet the criteria for any of the following ceiling indicators 4, 6, 16, 17, 20, or 21? If so, the school district's applicable maximum points and rating are disclosed below. Please note, an F = Substandard Achievement Rating supersedes any rating earned as the result of the school district meeting the criteria of a ceiling indicator.

Overview of the Worksheet

Critical Indicators

Criteria #1 through #6 are the critical indicators. Any “NO” response in this category is a signal indicator of fiscal distress. These six criteria revolve around the audit report, auditor’s findings, timely payments on debt and obligations to government agencies and the average change in fund balances over three years. The auditors issued an unmodified opinion on the financial report which was filed timely with the Texas Education Agency (TEA). The audit stated the district complied with the payment terms of all debt agreements. In addition, the district made timely payments to all government agencies including the Teacher Retirement System, Internal Revenue Service and Texas Workforce Commission. Indicator #5, passed because the total net position in the governmental activities column in the Statement of Net Position was greater than 0. The District did not have a fund balance decrease and the current year’s fund balances exceeded 75 days of operational expenditures, therefore, the District passed indicator #6.

Indicators 7-21

Score: 100

To receive the maximum points under indicator #7, the district must have greater than 90 days of cash and investments on hand to cover operating expenditures. The district had 186 days. A current asset to current liabilities ratio to cover short-term debt of greater than 3 was required to receive ten points under indicator #8. The district’s ratio was 5.757. The district’s general fund revenues exceeded expenditures in indicator #9 and its number of days of cash on hand exceeded 60. Therefore, ten points were awarded. Indicator #10 has not been scored by TEA now for two consecutive years. Indicator #11 asks if the ratio of long-term liabilities to total assets was sufficient to support long-term solvency. Historically, the District has not been awarded the highest number of points on this indicator addressing debt. However, all ten points were awarded for 2022-2023 and now 2023-2024 because the ratio had to be less than .60 and MPISD’s ratio was .5738. Ten points were awarded on indicator #12 because the ratio of debt per \$100 assessed property value was 3.61, which is less than the range of four set by TEA. The administrative cost ratio referred to in item #13 is .061, which is well below the maximum of .10 for districts our size. Ten points were awarded for indicator #14 since the district did not have a 15% decline in the students to staff ratio over three years. Item #15 was not evaluated by TEA in 22-23, but did return for the 23-24 school year. We received the full 5 points for our projection of ADA submitted to TEA. Indicator #16 compares the Public Education Information Management System (PEIMS) data to like information in the school district’s Annual Financial Report (AFR). The District had zero variances. As required by indicator #17 and #18, the external independent auditor reported that the AFR was free of any instance(s) of material weaknesses in internal controls over financial reporting and compliance for local, state, and federal funds, grants, contracts, and laws related to local, state, and federal funds. The District posted all required information on

its website in accordance with Government Code, Local Government Code, TEC, TAC and other statutes, laws and rules earning five points on indicator #19. The district passed indicator #20 because the school board members discussed the district's property values at a board meeting within 120 days before the budget was adopted. Finally, the ceiling was passed on indicator #21 since the district did not receive an adjusted repayment schedule for more than one fiscal year for an over-allocation of Foundation School Program funds due to a financial hardship. One hundred points were awarded overall for the district's performance on these indicators.
